2.	Overview	ot Board	/Comm	บรรเดท

Please issue a **brief** statement about the general purpose and mission of this Board/Commission:

The Energy Efficiency Commission works to create and maintain a healthy community by proposing measurable solutions to reduce the environmental impact of municipal facilities and operations by recommending energy efficient modifications and improvements to proposed and existing facilities, encouraging the preservation of green spaces and clean air and promoting public awareness of sustainability options, advising city agencies on sustainability practices and encouraging the growth of businesses that produce sustainable products and services.

The Energy Efficiency Commission recommends programs and policies designed to promote the growth of sustainable energy with in the community and in formulating plans and policies, provides an opportunity for the public to comment on policy recommendations.

Pro	gram	Description
CHA	ALLENGES: Provide a brief description of th	nree challenges this Board/Commission faces.
1.		pport to the Commission. We were hoping th
	•	ler to get a part time energy/sustainability
	coordinator.	ier to got a part time energy, castamasme,
2.		around, but especially for us. We paused
۷.		were handling remote meetings, and also the
		ngs was obviously not paramount given the
	length of time folks were working / learn	-
3.	Tenger of time forks were working / learn	ining from florine.
٥.
