**PROJECT DESCRIPTION:** *(Please include what community need this project is trying to address and how this project aligns with CPC goals)*

According to the community survey conducted for the updated to the Open Space and Recreation plan, access to the Malden River is the number one priority for Malden residents. This project proposes to conduct a feasibility study for the access and reuse of land adjacent to the Malden River. The primary objective is to solicit feedback from the residents of Malden about what kind of open space and recreation facilities they would like to see along the Malden River. The plan will also focus on the historic character and features of the Malden River. The feasibility plan would also draft an implementation plan to achieve the community's objectives.

Open Space & Recreation Priorities 1, 2, 3, 4 & 5. Historic Preservation Priorities: 1,2,3 & 4.

**PROJECT STATUS:** *(Please include what level of planning has already been undertaken to inform the proposal)*

There have been a number of studies and visioning projects which help inform the feasibility plan. The feasibility plan would pull from the ULI Study, the Malden Greenway Initiative, the Lower Commercial Street Corridor Study and the Public Health Risk Assessment to recommend a way forward towards implementation.

**FOR HISTORIC RESOURCES PROJECTS:**

Is the resource listed on the State Register of Historic Places?  Yes  No

*(You can check designation at [mhc-macris.net](http://mhc-macris.net))*

If no, has the Malden Historical Commission determined that the resource is significant?  Yes  No
