PROJECT DESCRIPTION: *(Please include what community need this project is trying to address and how this project aligns with CPC goals)*

The Main Street Delta Passive Recreation and Open Space project aims to bring much needed open space to the Main Street corridor. The location of this open space is at the intersection of Main and Clifton Street. The park would feature trees, grass, shrubs, benches and a flag pole or public clock. In addition to the inherent benefits of open space the project would also improve the visual appearance of Main Street with a feature similar to the delta at Main and Lynde Street in Melrose. The location is also very close to notable businesses that attract families like Dairy Delight and the delta could be a place to enjoy an ice cream on a hot summer evening. Open Space & Recreation Priorities 1, 2, & 5.

PROJECT STATUS: *(Please include what level of planning has already been undertaken to inform the proposal)*

The project has been discussed with the DPW Director and the City Engineer. The project idea has been presented to the public and the CPC at a Ward 4 Community Meeting on 4/25/18. A number of Malden residents have expressed support of the project.

FOR HISTORIC RESOURCES PROJECTS:

Is the resource listed on the State Register of Historic Places? Yes No

(You can check designation at mhc-macris.net)

If no, has the Malden Historical Commission determined that the resource is significant? Yes No
