The Waitt's Mount project aims to finish the outstanding historic restoration that took place between 2012 and 2014. This project would focus on the lower portion of Waitt's Mount and the historic Park Ave entrance which has yet to be restored. Informational plaques will be added to the park to highlight areas of significance. Historic Preservation Priorities 1 & 3. In addition the project will incorporate passive open space areas for picnics and active recreation facilities. The removal and covering of glass would improve the park. The addition of a extra large flag pole at the top of the Mount would also serve as a proper honor for a park that has national significance from the Revolutionary War to WWII. Open Space & Recreation Priorities 1, 2, 3, & 5.

**PROJECT STATUS:** *(Please include what level of planning has already been undertaken to inform the proposal)*

The project idea draws off of a master plan for the park drafted by the City of Malden and the MRA with landscape architect Shadley Associates.
