

City of Malden Winter Parking Information

www.cityofmalden.org/snow

Winter Parking rules are in effect from the first winter event this year until April 1st, 2022.

What does “First Winter Event” mean?

The City desires to delay winter parking restrictions as long as possible. Therefore, rather than a certain date, the City will use the first snowstorm that the City determines to be substantial enough to declare the beginning of winter parking restrictions.

What should I do to avoid getting ticketed and/or towed?

- Follow the “General Rule for Winter Parking” below and find out where you can and cannot park, or the exception that applies to you.
- Pay close attention when a snow emergency is declared because the rules become more restrictive. See exception 3 below.

The General Rule for 2021/2022 Winter Parking

ODD side parking only, 24 hours a day / 7 days a week

Some exceptions apply as listed below.

EXCEPTION 1: You park on a street where you are always required to park on the even numbered side of the street, OR your address is contained within the exceptions below.

What do you do if Exception 1 applies to you?

Park on the even side of the street for winter parking.

EXCEPTION 3: The City of Malden declares a snow emergency.

What do you do if Exception 3 applies to you?
